Due to the Coronavirus, Bible distribution to North Koreans continues to be double that of the same period last year. North Koreans are looking for hope in this time of pandemic, and they are open to the Bible to a greater degree than we even see normally.

VOM Korea supplies audio and printed North Korean dialect Bibles to North Koreans inside North Korea, as well as to North Korean laborers working abroad and North Korean sex trafficked women in China. VOMK is on schedule to send out approximately 40,000 North Korean Bibles this year, by the grace of God and owing to your support.

Due to the unexpected increase in demand, VOMK needs to print and distribute additional NK Bibles this year. The reprint and distribution costs are approximately 40,000,000 KRW, but already we received donations of 10,000,000 KRW and 5,000,000 KRW toward the project. We are trusting the Lord to supply the rest.
